Frank A. Currier, Chairman
Barbers Examining & Licensing Board
61 South Spring Street
Concord, New Hampshire

Dear Mr. Currier:

In your letter of April 9, 1958
you ask whether the board has authority to require exa-
minations of applicants for licenses to conduct schools
of barbering or to act as instructors in such schools.

We answer in the negative. RSA 313:21
dealing with schools of barbering contains no requirement
that either instructors or owners submit to either written
or oral examinations.

Very truly yours,

Elmer T. Bourque
Assistant Attorney General
